Experience

Game Developer - 05/2017 to 07/2018

Roundstars, Brasilia, Brazil

- Worked on developing single-player and multiplayer board games. Coding core mechanism, search algorithms and bots AIs. I've also designed interfaces for those games.
- Worked mainly with Unity and C# for game development. There I could also help with the creation of an API for a small social media.

Designer - 12/2018 to 10/2020

ADRA Brasil, Brasilia, Brazil

- Created art for fundraising campaigns for crises, design reports, and presentation slides with Photoshop, Illustrator, and other design software.
- There, I had the opportunity to develop a system to help to control the hot meals given to Venezuelan refugees.

Web Developer - 10/2020 to 09/2022

Adven.Tech, Remote, Brazil

- Worked developing web apps such as a stock management, event, e-commerce and other systems on client demand. I also helped to migrate legacy systems to modern technologies.
- Written clean and scalable code for the back and front end. Worked with popular technologies such as Angular, React, .NET, C#, SQL and others.

Education

- Graduation on Game Development - 2018, IESB, Brasília, Brazil.
- Post-graduation at System Analysis and Development – 2022, Descomplica, Remote.
- Post-graduation at Mobile Development - 2022, Descomplica, Remote.
